

PRIORITY ISSUES

Drugs

Goal: To develop an integrated system of care for coordination of health that addresses coordination, prevention and risk reduction, access to care, and cost of services related to Substance Use Disorders (SUDs).

Diabetes

Goal: Establish a comprehensive and sustainable approach for educating Kanawha County residents who have been diagnosed as pre-diabetic or diabetic.

Obesity

Goal: Address overweight and obesity among Kanawha County residents by increasing their access to recreational/physical activity opportunities regardless of where they live.
